

Windscreen Antifreeze Concentrate -60°C

Product properties

Removes fast and reliably persistent residues, e.g. road dirt, silicon and oily residues from windcreens and headlights. Containing alcohols ensure not only frost protection but also a smear and streak-free window cleaning during the winter season. The product is harmless to paintwork, chrome, rubber and does not contain methanol.

Area of application

Suitable for all windscreen washer systems with standard or fan spray jets.

Application

Fill the windscreen washer system according to the manufacturers' recommendations. The product can be used concentrated or diluted. Please see mixing recommendations below. It is recommended to put the washer system into action after filling up with WindscreenAntifreeze in order to prevent freezing of spray jets.

Mixing ratio:

Antifreeze	Water	Antifreeze Protection
1	0	-60°C
2	1	-30°C
1	1	-20°C
1	2	-14°C

Technical data

Physical state: liquid

Colour: blue

Odour: alcoholic

pH-Value (at 68 °F): 7,5

Initial boiling point and boiling range: 78 °C

Flashpoint: 23 °C

Lower explosion limit: 3,5 Vol.-%

Upper explosion limit: 19 Vol.-%

Ignition temperature: 460 °C

Density at 68 °F: <0,9 g/cm³

Water solubility: miscible

Available sizes	Item no.	PU
1L	11256-2	12
5L	11250-2	4
10L	11254-2	1
25L	11251-2	1
60L	11255-2	1
210L	11252-2	1
