

Air Intake Cleaner Triple X Diesel (AICD)

Triple X - Air Intake Cleaner for diesel engines

Product properties

PRO-TEC "Triple X" is an extremely powerful combination of active ingredients for cleaning of the intake of diesel engines. Even highly adhesive and heavy deposits will be removed without residue. In this case, the complete valve and intake system, especially Inlet valves, piston rings, top land and the entire combustion chamber will not only be cleaned but also lubricated and protected.

Area of application

Service product for use in diesel powered engines. Recommended for engines with particle filter, turbo and catalytic converter.

Application

Do not fill in to the diesel tank! Application only with the clear flow cleaner and the corresponding adapters. The Clear Flow engines Instructions must be observed.

Consumption

375ml per application

Reaction time

works during operation

Technical data

Physical state: liquid

Colour: clear/colourless

Odour: aromatic

Initial boiling point and boiling range: 110 - 120 °C

Flashpoint: > 65 °C

Ignition temperature: > 200 °C

Density at 68 °F: 0.92-0.96 g/cm³

Water resistant

Available sizes	Item no.	PU
375ml	P1975	28
5L	P1976	4
10L	P1978	1
20L	P1977	1
200L	P1979	1
