

## Common-Rail Diesel System Clean & Protect

### Product properties

Common Rail Diesel System Clean & Protect has been specifically developed for all high pressure direct injection diesel engines with Common Rail or pump injector. This high technology product, developed from extensive research, is designed to meet the exact requirement Removes smallest dirt from the entire diesel system, destroys and absorbs water bubbles in the fuel. Exceeds HFRRT test according to DIN EN ISO 12156-1.

### Area of application

For all diesel engines, particularly recommended for direct fuel injection and common-rail systems.

### Application

Add to the fuel tank.

### Consumption

250 ml for 60 ltr. diesel

### Reaction time

Works during operation.

### Technical data

Physical state: liquid

Colour: brown

Odour: aromatic

Initial boiling point and boiling range: 200 - 210 °C

Flashpoint: 45 °C

Lower explosion limit: > 0,6 Vol.-%

Upper explosion limit: > 7,0 Vol.-%

Ignition temperature: > 200 °C

Vapour pressure (at 68 °F): > 8 hPa

Density at 68 °F: 0.824 - 0.9 g/cm<sup>3</sup>

Water resistant

Available sizes	Item no.	PU
250ml	43221	24
